Pre-flight Announcement

Ladies and gentlemen, welcome onboard Flight 4B7 with service from Hong Kong to San Francisco. We are currently third in line for take-off and are expected to be in the air in approximately seven minutes time. We ask that you please fasten your seatbelts at this time and secure all baggage underneath your seat or in the overhead compartments. We also ask that your seats and table trays are in the upright position for take-off. Please turn off all personal electronic devices, including laptops and cell phones. Smoking is prohibited for the duration of the flight. Thank you for choosing Mountain Airlines. Enjoy your flight.

Captain's Announcement

Good afternoon passengers. This is your captain speaking. First I'd like to welcome everyone on Rightwing Flight 86A. We are currently cruising at an altitude of 33,000 feet at an airspeed of 400 miles per hour. The time is 1:25 pm. The weather looks good and with the tailwind on our side we are expecting to land in London approximately fifteen minutes ahead of schedule. The weather in London is clear and sunny, with a high of 25 degrees for this afternoon. If the weather cooperates we should get a great view of the city as we descend. The cabin crew will be coming around in about twenty minute's time to offer you a light snack and beverage, and the in-flight movie will begin shortly after that. I'll talk to you again before we reach our destination. Until then, sit back, relax and enjoy the rest of the flight.

Safety Briefing

Ladies and gentlemen, on behalf of the crew I ask that you please direct your attention to the monitors above as we review the emergency procedures. There are six emergency exits on this aircraft. Take a moment to locate the exit closest to you. Note that the nearest exit may be behind you. Count the number of rows to this exit. Should the cabin experience sudden pressure loss, stay calm and listen for instructions from the cabin crew. Oxygen masks will drop down from above your seat. Place the mask over your mouth and nose, like this. Pull the strap to tighten it. If you are traveling with children, make sure that your own mask is on first before helping your children. In the unlikely event of an emergency landing and evacuation, leave your carry-on items behind. Life rafts are located below your seats and emergency lighting will lead you to your closest exit and slide. We ask that you make sure that all carry-on luggages are stowed away safely during the flight. While we wait for take off, please take a moment to review the safety data card in the seat pocket in front of you.
